

POLICY: #3080– Reconnection Fees for Idle and/or Inactive Accounts

SCOPE OF POLICY: Customers

RESPONSIBILITY: Management, Employees

---

---

**I. Policy**

Elkhorn Rural Public Power District (ERPPD) establishes the following reconnection fees for idle and/or inactive accounts.

**II. Procedure:**

- A. The following service charges shall apply upon reconnecting an electric service, previously disconnected at the request of the same owner or disconnected for non-payment of electric services:
1. Installation of meter, including removal of seals to restore electric service, for reconnecting or refusing of transformer (*see Fee Schedule 3500.3080-A*).
  2. Transformer installation fees
    - a. Installation of one (1) transformer under 50 KVA (*see Fee Schedule 3500.3080-B*).
    - b. Installation of one (1) transformer 50 KVA and over (*see Fee Schedule 3500.3080-C*).
    - c. Each additional transformer (*see Fee Schedule 3500.3080-D*).
  3. An electrical inspection may be required before service is energized.
- B. The above charges will apply during normal business hours. After business hours the rate will be 1 1/2 times the service charge. When a new owner requests a reconnection, the above charges do not apply.
